

ADDITIONAL OPTIONS PRICE LIST

Page 1 of 2

All funeral directors are legally required to publish online and in branch a Standardised Price List and this Additional Options Price List. These are to help you think through your options and to let you compare prices between different funeral directors (because prices vary considerably). We recommend obtaining an exact all-inclusive quotation at the outset from us, or any other funeral director you are considering. Estimates or prices which are 'plus disbursements' are very unlikely to reflect the true total cost.

TERMS OF BUSINESS

We require a minimum deposit of £1,000 (attended funeral) or £650 (unattended cremation) with the remaining balance due by two clear days before the funeral, burial or cremation. We accept payment by bank transfer, debit card or credit card and we may on occasion accept other payment methods at our discretion. None of our payment methods incur any extra charges from us. Late payment is avoided by us postponing the cremation or burial to allow a further period for the balance to be paid, and doing this only increases the total amount due if one of the third parties we have paid on your behalf impose an additional charge. We do this in order to prevent incurring interest. If a balance did become overdue, any outstanding amount due to us will incur a monthly interest charge of 0.75% until full payment is received.
